## PROFILE

New Media Design & Web Development graduate from BCIT with experience across UI/UX design, brand strategy, digital marketing, and social content creation. I connect campaign strategy, digital experiences, and content into one consistent story.

## FEATURED PROJECTS

### NERA Sparkling Tea | Integrated Marketing Campaign

- Built a 90-day go-to-market concept for a fictional zero-proof beverage brand, from brand positioning through paid media, SEO, and measurement.
- Planned Google Search and Meta Ads campaigns, including audience segmentation, creative testing, and channel budget allocation.
- Developed SEO strategy, keyword research, and competitor analysis to support organic and local discovery.
- Designed a landing page, 5-step email nurture flow, and a GA4 / Search Console measurement framework to track performance against targets.

### TasteBuds Vancouver | Social Media Marketing & Content Management

- Served as Content Manager, leading content planning, creation, and videography for a Vancouver food brand across Instagram, TikTok, and a companion website.
- Planned and published 4 pieces of content weekly over a 7-week campaign, including short-form video, restaurant reviews, and blog-style posts.
- Produced original photo and video content with mobile photography, CapCut, and Final Cut Pro while maintaining a consistent brand voice.
- Analyzed performance data to shift the content strategy toward higher-performing formats, growing the account to 26K TikTok views and 16.5K Instagram views, with 7.8K users reached on Instagram (74% non-followers).

### Mitsubishi Motors Website Redesign | UI/UX Case Study

- Conducted UX research and competitor analysis to identify friction points across the vehicle-shopping journey.
- Designed user flows, wireframes, and 18 high-fidelity screens in Figma, including a responsive build-and-price configurator.
- Built a reusable design system focused on accessibility, usability, and visual consistency across desktop and mobile.
- Proposed a supporting SEO, paid-media, and measurement strategy to connect the redesign to a growth plan.
